Dear Davinder:

NYPCA's transfer to independence has been very smooth. We thank both you and Sandy Fulgham for all your help.

Davinder, you have been an invaluable source of advice and support to me and NYPCA over the past five plus years. In the midst of your many responsibilities and pressures on your time, you have always been available to me in answering questions and helping to resolve a variety of fiscal issues. I have enjoyed working with you.

Sandy has continued your tradition of cooperation and responsiveness to our varied needs. I think there is something inherent in the fiscal arena that brings out the yearning for immediate answers. Thank you both so much for bearing with me.

Gloria, Robin and I have greatly appreciated the support you both have provided. We extend hearty thanks and we look forward to talking with you from time to time.

Sincerely,

Richard White-Smith
Executive Director
